## REASONS FOR THE SOLICITATION

We believe that fundamental changes in the Company's corporate governance are necessary and appropriate to maximize shareholder value.

We believe the Company's anti-takeover devices--a classified board and a stockholder rights plan (or "poison pill")--restrict shareholder rights and unduly shield management and our Board of Directors from shareholder influence. It is our opinion that the removal of the Company's stockholder rights plan and the declassification of the Company's board will impose a level of management and board accountability that is necessary to help insure that the Company establishes and maintains a strong performance record, thereby increasing shareholder value.

In addition, we believe that one person holding both the position of Chief Executive Officer and Chairman of the Board of Directors reduces the board's effectiveness in monitoring the Company's performance. In our opinion, separating these two positions will improve the Board of Directors' oversight of management's efforts to increase shareholder value.

We also believe that the removal of the Company's stockholder rights plan and the declassification of the Company's board could lead to third party interest in an acquisition of the Company. We believe that there is a significant potential for increased stockholder value and that a possible sale of the company's business, merger, sale of assets, consolidation, reorganization or other business combination or a recapitalization or refinancing would significantly increase value for the Company's stockholders. A sale of the Company would potentially provide stockholders with an opportunity to maximize the value of their investment if such sale were to be at a premium over the stock's current trading price. We are not aware of any current offers relating to the sale of all or a part of the Company. There can be no assurance that a buyer will emerge with an offer that the Board will find acceptable.

-3-

&lt;PAGE&gt;

Although Liberation strongly believes that adoption of the proposals contained herein will serve to maximize shareholder value, Liberation gives no assurances that the adoption of any or all of the proposals contained herein will produce the anticipated increase in shareholder value.

We urge shareholders to support our call for improved corporate governance by voting in the following manner:

1. to WITHHOLD AUTHORITY for each of the Company's nominees for election to the Board of Directors
2. FOR our proposal recommending the removal of the Company's Stockholder Rights Plan;
3. FOR our proposal recommending the declassification of the Board;
4. FOR our proposal recommending the separation of the office of the Chief Executive Officer and the Chairman of the Board; and
5. to ABSTAIN with respect to the stockholder proposal by Amalgamated Bank LongView SmallCap 600 Index Fund regarding declassification of the Board.

Proposal 1. Election of Directors  
 -----

At the Annual Meeting, assuming a quorum is present, two Class II Directors are to be re-elected to serve for three-year terms expiring in 2007, or until their successors have been duly elected or qualified. We expect that the Board of Directors will nominate James F. McNally and John W. Rogers, Jr. for re-election.

Liberation is soliciting proxies to withhold authority for each of the Company's two nominees to the Board of Directors. By voting to withhold authority on the election of the Company's director nominees, shareholders can send management a strong message that they support our proposals for improved shareholder rights and increased management and Board accountability, as well as our goal of maximizing shareholder value.

According to management's proxy statement, the affirmative vote of the holders of a majority of the shares represented in person or by proxy at the meeting and entitled to vote in the election of directors is required for the election of directors. Accordingly, votes withheld with respect to the election of one or more directors will have the effect of a negative vote with respect to the election of directors, although such votes will be counted for purposes of determining whether there is a quorum.

LIBERATION RECOMMENDS THAT YOU WITHHOLD AUTHORITY TO VOTE FOR EACH OF THE COMPANY'S NOMINEES FOR ELECTION TO THE BOARD OF DIRECTORS.

Proposal 2. Removal of the Company's Stockholder Rights Plan.  
 -----

We propose that stockholders approve and adopt the following resolution:

-4-

<PAGE>

RESOLVED, that the stockholders of the Company request that the Board of Directors redeem the Company's stockholder rights plan and the rights issued thereunder and not adopt any new stockholder rights plan unless the holders of a majority of the outstanding shares approve the plan and the issuance of the rights thereunder at a meeting of the stockholders.

Reasons for the Proposal. In 1996, the Board of Directors of the Company adopted a Stockholder Rights Plan (or poison pill). The adoption of the poison pill was not approved by the Company's stockholders. Although stockholder approval is not required for the adoption of a poison pill, we believe that as a

matter of good corporate governance, the Company should seek stockholder approval for the adoption of a poison pill. We believe this plan reduces the rights of shareholders because poison pills operate to shift voting rights away from shareholders to management on matters pertaining to the sale of the corporation. They give a target's board of directors the power to veto any proposed business combination, no matter how beneficial it might be for the shareholders and regardless of the level of stockholder support. We believe shareholders, not management, should approve the adoption of any poison pill.

The Council of Institutional Investors, an organization of large corporate, union, public pension plans calls for shareholder approval of all poison pills in its Shareholder Bill of Rights. Institutional Shareholder Services (ISS), a leading corporate governance advisor, noted in 2003 that "since investors suffer a diminution of power as a result of the adoption of anti-takeover proposals, only shareholders should have the right to give this power away."

Proponents of poison pills, including the Company's present Board and management, have asserted that they enable a board of directors to respond in an orderly fashion to unsolicited takeover bids by providing sufficient time to carefully evaluate the fairness of such a bid. In our view, the effect of a poison pill is to insulate management from a change of control by providing the Board of Directors, which, in the case of the Company, includes one member of management, with a veto over takeover bids. As a result, the Company's poison pill could deter a takeover bid that, while in the stockholders' best interest would not leave the current directors in control of the Company and current management employed by the Company. We believe stockholders should not be deprived of their rights to decide what is in their own best interests.

In addition to the Company's shareholder rights plan, the Company's certificate of incorporation and by-laws contain a number of anti-takeover measures, including the following:

(i) the Company's by-laws and certain provisions of the Company's certificate of incorporation may only be amended by the affirmative vote of 75% of the Company's stockholders;

(ii) directors may only be removed for cause and only by the affirmative vote of 75% of the Company's stockholders;

(iii) special meetings of stockholders may only be called by the majority of the Board or the Chairman or President;

(iv) stockholders are not permitted to act by written consent; and

-5-

<PAGE>

(v) business combinations with any interested stockholders are required to be approved by a vote of not less than 75% of the Company's stockholders and not less than a majority of the Company's stockholders excluding the shares held by any such interested stockholder.

Although we are not asking the Company to remove all of the anti-takeover measures listed above, we believe that the poison pill represents the greatest infringement on the Company's stockholders' right to determine what is in their best interests. Therefore, to ensure that management respects the rights of shareholders to participate in the decisions that govern their own rights as shareholders, we urge the Board to redeem the Stockholder Rights Plan currently in place and to require that shareholders approve any new stockholder rights plan.

LIBERATION RECOMMENDS THAT YOU VOTE "FOR" ITS PROPOSAL TO REMOVE OF THE COMPANY'S STOCKHOLDER RIGHTS PLAN.

Proposal 3. Declassification of the Board.

-----  
 We propose that stockholders approve and adopt the following resolution:

RESOLVED, that the stockholders request the Board of Directors to take the steps necessary to declassify the Board of Directors so that all directors are elected annually and that the Company's certificate of incorporation and by-laws be amended accordingly.

Reasons for the Proposal. Currently, the Company's certificate of incorporation provides for a classified or staggered Board of Directors. The directors are divided into three classes, with only one class of directors elected by stockholders at each annual meeting to serve for a three-year term. A stockholder vote will be required to amend the Company's certificate of incorporation to declassify the Board.

We believe that Bally's classified board structure is not in the best interests of stockholders because it reduces the accountability of the Board and, in our view, is an unnecessary takeover defense. The stockholders of the Company deserve the opportunity to vote on the election of each director annually, not just once every three years.

Proponents of classified boards argue that they increase continuity and stability in a board's composition and in the policies formulated by the board. They also believe a classified board discourages hostile takeover tactics by making it difficult for potential acquirers to obtain control of a company's board quickly through a proxy contest. We believe that a classified board falsely creates the image of continuity and stability by limiting shareholders' right to change the full board when they deem it necessary. With a declassified Board, we believe that only the Board's sound business judgment and a strong and successful track record can truly promote continuity and stability. While declassifying the Board might enable a party to potentially acquire control of the Board through a single election of directors, we believe that any concerns arising therefrom are outweighed by the benefits gained from electing all directors to the Board annually. Since the Company's Board has the responsibility, among other things, of overseeing management of the Company, it is important that the stockholders have the ability effectively to participate in the selection of directors by registering annually their approval or disapproval of the job that the directors are doing.

-6-

<PAGE>

If you believe, as we do, that the Company should declassify its Board of Directors and require that directors be elected annually as soon as possible, then we urge you to support our proposal to declassify the board.

LIBERATION RECOMMENDS THAT YOU VOTE "FOR" ITS PROPOSAL TO DECLASSIFY OF THE BOARD.

Proposal 4. Separation of the office of the Chief Executive Officer and the Chairman of the Board.  
 -----

We propose that stockholders approve and adopt the following resolution:

RESOLVED, that the stockholders of the Company urge the Board of Directors to take the necessary steps to amend the by-laws to require that, subject to any presently existing contractual obligations of the Company, an independent director shall serve as the Chairman of the Board of Directors, and that the Chairman of the Board of Directors shall not concurrently serve as the Chief Executive Officer.

Reasons for the Proposal. The Company's Board of Directors consists of seven directors, with one individual serving as both the Chairman of the Board and as the Chief Executive Officer ("CEO") of the Company.

We believe that to be effective a board of directors must be led by a Chairman who is independent of management and that splitting the positions of Chairman and CEO will strengthen and improve corporate governance at the Company.

In our view, the positions of Chairman and CEO are distinct jobs with different responsibilities. We believe the primary purpose of a board of directors is to protect shareholders' interests by providing independent oversight of management, including the CEO. We are concerned that if the same person leads both the Board and management an unavoidable conflict of interest is present, which adversely affects the Board's ability to effectively oversee management.

In January 2003, The Conference Board, an influential business advisory group, as part of its corporate governance recommendations noted that each board of directors should establish a structure that provides an appropriate balance between the powers of the CEO and those of the independent directors, enables it to carry out its oversight function, and gives the independent directors the powers they require to perform their oversight roles. In furtherance of these principles, The Conference Board urged "companies to carefully consider separating the offices of Chairman of the Board and CEO." The Conference Board noted that "the responsibilities of leading the board and of managing the company are distinct. The CEO is the highest-ranking member of the management team. As such, he or she is accountable for the corporation's management and performance."

Certain proponents have stated that it is in the Company's best interest to have one person serve as both Chairman of the Board and CEO because it allows that individual to act as a link between the Board and the Company's management. Under certain circumstances, where the individual who has been serving as both Chairman and CEO has had a proven and

-7-

<PAGE>

successful track record leading the Company, it may in fact be beneficial to have that individual continue with the dual role of Chairman and CEO. However, we do not believe that these arguments outweigh the benefits of improving the independence of Bally's leadership and its corporate governance by separating the position of Chairman and CEO going forward.

LIBERATION RECOMMENDS THAT YOU VOTE "FOR" ITS PROPOSAL TO SEPARATE THE OFFICE OF THE CHIEF EXECUTIVE OFFICER AND THE CHAIRMAN OF THE BOARD.

Proposal 5. Amalgamated's Shareholder Proposal for Declassification of the  
-----  
Board.  
-----

Amalgamated Bank LongView SmallCap 600 Index Fund ("Amalgamated") has submitted a shareholder proposal regarding declassification of the Company's Board, which is included in management's proxy statement pursuant to Rule 14a-8 under the Securities Exchange Act of 1934. Amalgamated's proposal also requests the Board of Directors of the Company to take the steps necessary to declassify the Company's board.

WE URGE SHAREHOLDERS TO ABSTAIN WITH RESPECT TO AMALGAMATED'S PROPOSAL.

We believe that our proposal regarding board declassification, while addressing the same goal as Amalgamated's proposal, sends a stronger more urgent message to the Company. Unlike Amalgamated's proposal, our proposal provides

that all directors would be elected annually as soon as stockholders are presented with the opportunity to and vote to approve an amendment to the Company's certificate of incorporation to declassify the Board. Amalgamated's proposed resolution states that the unexpired terms of directors previously elected would not be affected, thereby not permitting shareholders to vote on the full Board until 2007. In addition, we believe that because Liberation's proposal to declassify the Board calls for all directors to be elected annually as soon as possible, without providing for current directors to continue their unexpired terms, the Board will be more fully accountable to shareholders sooner than they would under the Amalgamated proposal. Therefore, we believe that the current Board will be under increased pressure to take measures to maximize shareholder value.

To send the strongest message possible that you support declassification of the Company's Board of Directors and to require that directors be elected annually as soon as possible, we urge you to vote FOR our proposal to declassify the board and to ABSTAIN from voting on Amalgamated's proposal.

YOUR VOTE IS IMPORTANT. SIGN, DATE AND MAIL PROMPTLY THE ENCLOSED WHITE PROXY CARD IN THE ENCLOSED ENVELOPE.

#### Other Matters to be Considered at the Annual Meeting

The Company will send to you management's proxy statement discussing, among other things, the election of directors, Amalgamated's proposal (discussed above) and any other matter that may properly come before the Annual Meeting. With the exception of the election of directors, Amalgamated's proposal and the proposals contained herein, Liberation is not aware at

- 8 -

<PAGE>

the present time of any other matters which are scheduled to be voted upon by stockholders at the Annual Meeting.

As stated under Proposal 1, above, we are soliciting your proxy to WITHHOLD AUTHORITY for each of the Company's nominees for election to the Board of Directors. See the management's proxy statement for information on its nominees. You may mark the enclosed WHITE Proxy Card for one or both nominees, or you may WITHHOLD AUTHORITY to vote for one or both nominees, and we will vote your proxy accordingly. If a nominee declines to serve or becomes unavailable for any reason, or if a vacancy occurs before the election, the proxies will be voted as an abstention vote.

Liberation has omitted from this proxy statement certain disclosure that will be included in management's proxy statement. This disclosure includes, among other things, biographical information on Bally's nominees, directors and executive officers, information concerning executive compensation, an analysis of cumulative total returns on an investment in Bally shares during the past five years, information on audit services and fees of the Company's auditors and procedures for nominating directors for election to the Company's Board and submitting proposals for inclusion in Company's proxy statement at the next annual meeting. Accordingly, reference is made to management's proxy statement for such information and stockholders should refer to the management's proxy statement in order to review this disclosure.

An annual report to stockholders covering Bally's fiscal year ended December 31, 2003, including financial statements, is required to be furnished to stockholders by the Company. Such annual report does not form any part of the material for the solicitation of proxies by Liberation.

Liberation does not make any representation as to the accuracy or completeness of the information contained in the Annual Report and management's

proxy statement.

However, if Liberation becomes aware a reasonable time in advance of the Annual Meeting that a matter will be presented for a stockholder vote at the Annual Meeting that is not included on the enclosed WHITE proxy card, Liberation will not have discretionary authority to vote on such matters and intends either to refrain from voting on any such matter or to revise the WHITE proxy card in order to include any such additional matter thereon. If a stockholder wishes to specify the manner in which his or her shares are to be voted on any such additional matters, and Liberation was made aware of such matters a reasonable time in advance of the Annual Meeting, the stockholder will have the opportunity to vote on the revised WHITE proxy card. Bally also will furnish stockholders with additional proxy materials describing any such additional matter. Submission of any properly executed proxy card will revoke all prior proxy cards.

Whether or not you plan to attend the Annual Meeting, Liberation urges you to vote in accordance with their recommendations contained herein by signing, dating and returning the WHITE Proxy Card in the enclosed envelope. You can do this even if you have already sent a different proxy card solicited by the Bally Board. It is the later-dated proxy that is effective, and as such revokes all previously executed proxies.

Execution of a WHITE Proxy Card does not affect your right to attend the Annual Meeting and to vote in person. Any stockholder granting a proxy (including a proxy given to the Company) may revoke it at any time before it is voted by (a) submitting a new, duly executed proxy bearing a later date, (b)

attending and voting at the Annual Meeting in person, or (c) at any time before a previously executed proxy is voted, giving written notice of revocation to either Liberation, c/o Innisfree M&A Incorporated, or the Company. Merely attending the Annual Meeting will not revoke any previous proxy which has been duly executed by you. The WHITE Proxy Card furnished to you by Liberation, if properly executed and delivered, will revoke all prior proxies.

IF YOU PREVIOUSLY EXECUTED AND RETURNED A PROXY CARD TO THE COMPANY, LIBERATION URGES YOU TO REVOKE IT BY SIGNING, DATING AND MAILING THE WHITE PROXY CARD IN THE ENCLOSED ENVELOPE. NO POSTAGE IS REQUIRED FOR MAILING WITHIN THE UNITED STATES.

Only stockholders of record at the close of business on the record date are entitled to notice of and to vote on matters that come before the Annual Meeting.

*Re: Notice of Intention to Present a Stockholder Proposal at the Upcoming Annual Meeting of Bally Total Fitness Holding Corporation*

Dear Secretary:

This is a notice (the "Notice") of the decision of Liberation Investments, L.P. ("LILP") and Liberation Investments Ltd. ("LILTD"), collectively with LILP, the "Liberation Funds", "we" or "our", which, with Liberation Investment Group LLC ("LIGLLC"), general partner of LILP and discretionary investment adviser to LILTD, and Emanuel R. Pearlman, General Manager and majority member of LIGLLC, collectively beneficially own 4,134,450 shares (the "Shares") of common stock, par value \$0.01, of Bally Total Fitness Holding Corporation, a Delaware corporation (the "Company"), to present a stockholder proposal at the upcoming Annual Meeting of stockholders of the Company presently scheduled for January 26, 2006, including any adjournments or postponements thereof or any special meeting that may be called in lieu thereof (the "Annual Meeting"). This Notice is being delivered in accordance with the requirements set forth in Article II, Section 2 (the "Proposal Requirements") of the Amended and Restated Bylaws of the Company (the "Bylaws").

We have repeatedly urged the Company to bolster stockholder democracy by providing stockholders with a voice in determining the tenure of the Company's senior management team. In addition, we have shared our view that the capital markets have

lost confidence in the performance of current senior management and that it would thus be advantageous to the Company and its stockholders to remove Mr. Paul Toback as Chief Executive Officer and President. We have advocated replacing him with a more seasoned professional manager who engenders such confidence from the capital markets. However, the Company has rebuffed these suggestions at every turn. As a result, we intend to make the proposal described below in order to place these concepts directly before the Company's stockholders for their consideration.

We regret that the intransigence of the Company has prevented it to date from recognizing the value of the suggestions we have advanced and independently implementing them. We firmly believe that the Company is not well served by expending its limited resources to aggressively defend against a proposal that is in its best interests. Accordingly, although we remain firmly committed to our proposal and are prepared to continue with our proxy campaign if necessary, we are also receptive to the possibility of reaching a consensual accommodation which takes seriously our expressed concerns.

#### NOTICE OF INTENTION TO PRESENT A STOCKHOLDER PROPOSAL

Pursuant to the Proposal Requirements, this Notice sets forth (a) a brief description of the business desired to be brought before the Annual Meeting and the reasons for conducting such business at the Annual Meeting; (b) any material interest of the Liberation Funds in such business; (c) the name and record address of the Liberation Funds; and (d) the class, series and number of shares of capital stock of the Company which are beneficially owned by the Liberation Funds. In addition, in the interest of completeness, we have included a description of the beneficial interests of LIGLLC and Mr. Pearlman in the Shares (although each of them disclaims membership in a group with Liberation Investments) and disclosed the record address of each of them.

**Proposal:** The Liberation Funds hereby notify the Company that they intend to bring the below described business before the Annual Meeting in the form of a proposal (the "Proposal") to the stockholders to adopt the following resolution:

**"RESOLVED**, that the stockholders of the Company do hereby amend Article IV, Section 1, Article IV, Section 2 and Article VIII, Section 5 of the Amended and Restated Bylaws of Bally Total Fitness Holding Corporation by deleting such sections in their entirety and replacing them as follows (text to be added to the existing text of the Bylaws hereby is underscored herein):

*Article IV, Section 1, is amended and restated to read:*

"The officers of the Corporation shall be chosen by the Board of Directors, provided that the stockholders shall be empowered to remove the Corporation's Chief Executive Officer and President from office by the affirmative vote of the holders of a majority of the Corporation's issued and outstanding stock then entitled to vote. The Corporation's officers shall be a Chief Executive Officer, who shall also be the Corporation's President, a Secretary and a Treasurer. The Board of Directors, in its discretion, may also choose a Chairman of the Board of Directors (who must be a director) and one or more Vice Presidents, Assistant Secretaries, Assistant Treasurers and other officers. Any number of offices may be held by the same person, unless otherwise prohibited by law, the Certificate of Incorporation or these Bylaws. The officers of the Corporation need not be stockholders of the Corporation nor, except in the case of the Chairman of the Board of Directors, need such officers be directors of the Corporation."

*Article IV, Section 2, is amended and restated to read:*

“The Board of Directors at its first meeting held after each annual meeting of stockholders shall elect the officers of the Corporation who shall hold their offices for such terms and shall exercise such powers and perform such duties as shall be determined from time to time by the Board of Directors or the stockholders, as the case may be. All officers of the Corporation shall hold office until their successors are chosen and qualified, or until their earlier resignation or removal by the Board of Directors or the stockholders. Any officer elected by the Board of Directors may be removed at any time by the affirmative vote of a majority of the Board of Directors. The Corporation’s Chief Executive Officer and President may also be removed by the stockholders as provided in Section 1 of this Article IV, and no person removed as Chief Executive Officer and President shall thereafter be appointed or reappointed by the Board of Directors to serve as an officer of the Corporation. Any vacancy occurring in any office of the Corporation shall be filled by the Board of Directors. The salaries of all officers who are directors of the Corporation shall be fixed by the Board of Directors.”

*Article VIII, Section 5, is amended and restated to read:*

“Section 2 of Article III, Section 1 of Article IV, Section 2 of Article IV and this Section 5 of Article VIII of these Bylaws may only be altered, amended, changed or repealed by action of the stockholders of the Corporation.”

**FURTHER RESOLVED**, that Paul A. Toback is hereby removed as the Chief Executive Officer and President of the Company, effective immediately.”

The Proposal is being brought before the Annual Meeting pursuant to (i) Article Fifth, Section B of the Restated Certificate of Incorporation of the Company, which provides in relevant part that the Bylaws may be amended upon the affirmative vote of not less than 75% of the votes entitled to be cast by the holders of all outstanding shares of the Company’s stock then entitled to vote, and (ii) Section 109 of the Delaware General Corporation law, which provides stockholders with the authority to amend bylaws.

The Proposal is meant to afford the Company with an improved opportunity to achieve a successful turnaround by removing its current Chief Executive Officer and President Paul A. Toback, in whom we believe the capital markets have lost confidence. In addition, the Proposal is also meant to ensure the vitality of stockholder democracy at the Company by providing the stockholders with the right to remove a future member of senior management if his or her performance falls well short of the mark. While it is expected that this right would only very rarely be exercised by stockholders, its very existence would serve as a powerful incentive to members of senior management to pay careful attention to their fiduciary duties and focus keenly on maximizing value for all stockholders. Finally, the Proposal would also prevent the Board of Directors of the Company from acting unilaterally to amend the Bylaws to eliminate the contemplated authority of stockholders to remove the Chief Executive Officer and President of the Company.

We may be deemed to have an interest in the Proposal insofar as adoption of the Proposal by the stockholders is likely to yield more effective leadership of the Company, which would in turn increase the value of the Shares held by the Liberation Funds.
